Piecing Us Toget

It's nearing the end of the month (excuse me, where did February means I'm nine months into this project since its conception last of the excitement of traveling, seeing friends and discovering new settling back into my life and routines, a major energy shift has b putting it into a lower gear and adjusting to a new sustainable sp real work begins. There are just a few more lingering local visits, well into the next phase of the project of documenting, cataloguir designing.
